ENVIRONMENTAL POLICY

Ironbark values the protection of the environment and prevention of pollution.

We practice principles of responsible environmental management, sustainability and protection of the natural environment in our workplace. We ensure that our activities, products and services are designed to protect and enhance the environment in the communities in which we operate, and that our operations do not place the natural environment or the local community at risk of harm. Waste management shall be in accordance with legal requirements and sound environmental management practices.

The management system outlined in this IMS is designed to satisfy the requirements of ISO 14001:2015 all appropriate Australian standards, relevant legislation, codes of practice licensing and our contractual requirements.

Ironbark will establish and review performance against measurable objectives in regular Improvement Meetings and the annual IMS review to ensure its continued compliance and suitability to client requirements. Statistical reports will be produced and reviewed quarterly to monitor trends and continuous improvement.
